

THE HONG KONG  
POLYTECHNIC UNIVERSITY  
香港理工大學

Dear CBS staff/alumni,

Thank you for joining the 2017 CBS Homecoming (愛 · 回家): CBS Alumni Fun Day cum Banquet Dinner on Saturday, October 21.

This is a gentle reminder that the Alumni Fun day will take place from 2–4 pm outside building Core A at the podium level next to the Confucius Institute (孔子學院). Our CBS student helpers have worked very hard to prepare a variety of games suitable for adults and children alike; they will be especially attractive to alumni coming back to CBS with family members.

From 4–6 pm, CBS will arrange for short tours of departmental facilities such as Interpretation Labs, Labs with equipment for conducting linguistic and neurocognitive research (e.g., EEG), and the Speech Therapy Unit (STU). As it will be normal office hours for STU colleagues, visits there will be limited. If you don't want to miss this opportunity, it is highly recommended that you come early.

The alumni banquet dinner will start at 7 pm. Mr. Sanchez Lam, a CBS alumnus and owner of The Artician & Co.' has been very helpful with planning. He will also work with Ms. Fibi Wu, a final-year BACBS student, as emcees.

Current full-time CBS academic and non-academic staff please note: Please arrive at the restaurant (dinner venue) no later than 6.15 pm, and get ready for taking a 'CBS Family Photo'.

CBS alumni are kindly requested to arrive no later than 6.45 pm. To keep up our contact with CBS alumni, may we request that you kindly leave a name card at the reception desk before proceeding to your dinner table. There will be student helpers to assist you in finding your table. Many thanks in anticipation.

The rundown of the banquet dinner is being fine-tuned. Plenty of interesting improvisations and other attractions are being lined up. It will no doubt be a memorable evening for CBS – not least thanks to your presence and support.

On behalf of the Organizing Committee of the 2017 CBS Homecoming (愛 · 回家): CBS Alumni Fun Day cum Banquet Dinner, I look forward to meeting you all.

Sincerely,

Prof. David C. S. Li (李楚成 教授)  
Professor and Head,  
Department of Chinese and Bilingual Studies
