### Notes
1. When students completed the required credits for graduation, a free copy of transcript will be despatched to their address.
2. Students with graduation status confirmed on or before 15 March & 30 September will receive their award parchment in late March/early April & late October/early November respectively.
3. The duration of dissertation normally lasts for 2 regular semesters (with summer term being exceptional). Students may request an extension with prior approval from their Programme Leader and supervisor if they intended to apply for early submission of dissertation.
4. As there are many possible combinations of study pattern (especially for part-time), the above table only lists out some progression plans for students’ reference.
5. The listed progression plans do not include cases of credit transfer, deferment of study, zero subject enrolment and withdrawal. The normal period of registration does not count towards the maximum period of registration (i.e. 3 years for part-time, 5 years for full-time).
